RALEIGH, (SGRToday.com) - A Senate bill that makes modifications to public charter school law has drawn the concern of Gov. Pat McCrory.

On Monday, the governor issued the following statement about Senate Bill 793.

“We need transparency of salary information for all public schools - both traditional and charter schools. I will veto any attempt to hide the names of charter school employees from the public record and I encourage the General Assembly to pass the legislation without this provision.”
