RALEIGH, (SGRToday.com) - State Auditor Beth Wood's office has released an audit with one or more findings at Asheville-Buncombe Technical Community College.

The report summary reads as follows:

Investigators determined that Asheville-Buncombe Technical Community College's Director of Facilities Operations failed to follow purchasing procedures and relied on a vendor to control product inventory. The Director's actions may have resulted in unnecessary purchases and inflated costs.

The audit can be found at
