RALEIGH, (SGRToday.com) - Visitors to the White House's official website Monday will see that a huge portion of the home page has been dedicated to Beau Biden, who passed away from brain cancer over the weekend.

Framed by a large picture of Vice President Biden with his son, the copy reads: "In Memory of Beau Biden: The finest man any of us have ever known."

"For all who knew him, who were inspired by his example, who share the passion for service that guided every day he lived, please offer your thoughts, prayers, and a message that will be shared with the Biden family as they grieve the loss and honor the memory of a most cherished man."

The message contains a link to a form through which a visitor can send a message to the Biden family.

Beau Biden was 46 years old. He was an Iraq war veteran and served as the Attorney General of Delaware.
