---

RALEIGH, (SGRToday.com) - The North Carolina Department of Health and Human Services has announced that the state's Low Income Energy Assistance Program (LIEAP) will be accepting applications beginning Dec. 1.

LIEAP is a federally-funded program that provides a one-time vendor payment to help eligible households pay their heating bills during the cold-weather months.

Eligible households containing a person aged 60 and above, or at least one disabled person (receiving SSI, SSA or VA disability) receiving services through the Division of Aging and Adult Services (DAAS) can apply Dec. 1.

If funds remain available after Dec. 31, any other eligible households may apply from January through March 2015, or until funds are exhausted.
